Blues and the Boogie Woogie

OPENER

Four ladies promenade one time around
Get on back, swing with your man
Join hands, circle to the left around that old ring
Left allemande and weave
My body begins to tingle when I hear those bluesy songs
Oh when the band starts winding up I know where my heart
belongs.

FIGURE

Heads [sides] square through in the middle, go four around
To the corner lady do sa do
You swing through tonight, let the boy run right
Bend your line, reverse your flutterwheel
Come on and all slide through, pass through, u-turn back
Swing your girl and all promenade
Hot dang! I love the blues and the boogie woogie

BREAK

Four ladies promenade one time around
Get on back, swing with your man
Join hands, circle to the left around that old ring
Left allemande and weave the ring
Hot dang! I love the blues and the boogie woogie.
Hot dang! I love the blues and the boogie woogie.

CLOSER

Four boys promenade in the middle of the ring
Get on back, swing your lady around
Join hands, circle to the left
Left allemande and weave
Hot dang! I love the blues and the boogie woogie.
Hot dang! I love the blues and the boogie woogie.
Swing your lady at home.
